Lectures and Prizes

Annual Review Prize Lecture
In 1968 The Physiological Society’s Committee initiated Annual Review Lectures which, subject to the agreement of the Editorial Board, are published in The Journal of Physiology. There is a £500 prize, which consists of £250 for the award and £250 as an honorarium.

1974 AA Harper
1975 H Davson
1976 A L Hodgkin
1977 R M Gaze
1978 K W Cross (delivered 1979)
1979 G Burnstock
1980 P B C Matthews
1981 H H Loeschche*
1982 G S Dawes
1983 D Noble
1984 R C Thomas
1985 D J Cunningham
1986 D M Armstrong
1987 C C Michel
1988 P Dejours
1989 J V G A Durnin
1990 O Hudlicka
1991 O H Petersen
1992 I M Glynn
1993 K M Spyer
1994 C B Wollheim
1995 C Blakemore
1996 M J Berridge
1997 L Y Jan
1998 N J Rothwell
1999 R A North
2000 F Bezanilla
2001 S O'Rahilly
2002 J Sulston
2003 F M Ashcroft
2004 R F Irvine
2005 G J Dockray
2006 M Fishman**
2007 T B Bolton
2008 R G Edwards
2009 S G Waxman
2010 R Y Tsien
2011 C Shatz
2012 P Ratcliffe
2013 E Gouaux (at IUPS)
2014 R W Tsien
2015 A Dolphin
2016 J O'Keefe
2017 D A Eisner (at IUPS)

*H H Loeschche was unable to deliver his lecture owing to ill-health, but it was published
** M Fishman was unable to deliver his lecture
Lectures and Prizes

International Prize Lecture
From 2001 to 2010, The Physiological Society had a standing agreement with the Australian Physiological Society (AuPS) whereby, in alternate years, The Society selected a lecturer to travel to Australia to deliver a short series of lectures in universities. This was a reciprocal arrangement with a member of the AuPS travelling to the UK in the intervening years. It was known as the Australian/UK Visiting Lectureship Scheme.

From 2011, The Society has sponsored the International Prize Lecture designed to be delivered in countries where there is a strong physiology community, but with whom The Society has previously had little or no interaction.

Previous lecturers:

2011 G E Mann (China)
2013 R Vaughan-Jones (India)
2014 K M Spyer (Brazil)

Bayliss-Starling Prize Lecture
In 1960 The Physiological Society’s Committee resolved that there should be a joint memorial to Bayliss and Starling, in the form of a triennial lectureship. From 2015, following a generous donation from The Bayliss and Starling Society, this lecture is now awarded annually and given alternately by an established physiologist and an early-career physiologist. There is a £500 prize. The lecture will be delivered at a Society meeting and, subject to the agreement of the Editorial Board, continue to be published in The Journal of Physiology.

Previous lecturers:

1963 C Lovatt Evans
1966 I de Burgh Daly
1969 A V Hill
1973 R A Gregory
1976 H Barcroft
1979 D Whitteridge

2014 S Bloom
2015 K Barrett
2016 L Heather
2017 H Raybould (at IUPS)
Lectures and Prizes

Biller Prize Lecture - discontinued
The Biller award was a biennial award in memory of Kathy Biller, a young physiologist. It was given to a worker (under 35 years of age), in the field of renal or epithelial physiology and is presented in those years when England play Australia for the Ashes at cricket. The recipient presented a research review at a Society Meeting.

Previous lecturers:
2002 L Robson 2006 M Bailey
2004 D Ward 2008 G Stewart

G L Brown Prize Lecture (peripatetic)
In 1975 The Physiological Society instituted a series of lectures in memory of Professor Sir Lindor Brown. The purpose of these lectures is to stimulate an interest in physiology. The Society chooses a lecturer whose name, with the title of the lecture, is then published. Departments are asked to notify The Society if they wish to invite the G L Brown Lecturer to their department. The lectures are not given during Scientific Meetings of The Society. Lectures since 1986 are published in Experimental Physiology, subject to the agreement of the Editorial Board. There is a £1000 prize, which consists of £750 for the award and £250 as an honorarium.

Previous lecturers:
1976/77 P F Baker/ P A Merton 1999/00 D J Paterson
1977/78 E Neil 2000/01 S B McMahon
1983/84 J G Nicholls 2001/02 C Peers

1992/93 J F Ashmore 2011/12 J Deuchars
1993/94 A C Dolphin 2012/13 A Parekh
1994/95 R D Vaughan-Jones 2013/14 D A Eisner
1995/96 S G Cull-Candy 2014/15 M Tipton
1996/97 F M Ashcroft 2015/16 M Stevens
1997/98 I D Forsythe

G W Harris Prize Lecture - discontinued
In 1986 The Physiological Society instituted a triennial lecture in memory of the late Professor G W Harris. These lecturers were, subject to the agreement of the Editorial Board, published in Experimental Physiology.

Previous lecturers:
1987 G Fink 1993 G J Dockray
1990 E M Wright 1996 I C A F Robinson
Lectures and Prizes

Hodgkin-Huxley-Katz Prize Lecture
In 1999 The Physiological Society’s Committee proposed that there should be a biennial lecture celebrating the contributions to the physiological sciences of Alan Hodgkin, Andrew Huxley and Bernard Katz. To emphasise the international impact of their work, the lecture will normally be given by a distinguished physiologist working outside the United Kingdom or Republic of Ireland. Subject to the agreement of the Editorial Board, these lectures are published in The Journal of Physiology. There is a £1,000 prize, which consists of £500 for the award and £500 as an honorarium.

Previous lecturers:
2000 R MacKinnon 2010 R Nicoll
2002 B Sakmann 2012 C Bargmann
2004 D Noble 2013 E M Schuman (at IUPS)
2006 T J Jentsch 2015 K Sipido
2008 E Kandel 2017 J Feldman (at IUPS)

Joan Mott Prize Lecture
In 1995 The Physiological Society received a bequest from Joan Mott which the Committee agreed to use to fund a biennial lecture, concerned with any area of physiology. The lecturer, preferably a woman, should attempt to make the contents of their lecture particularly relevant to young physiologists and also aim to enhance the profile and significance of women within the discipline of physiology. These Lectures will be published in Experimental Physiology, subject to the approval of its Editorial Board. There is a £500 prize, which consists of £250 for the award and £250 as an honorarium.

Previous lecturers:
1996 M Fitzgerald 2010 K Davies
2000 L Poston 2013 E A Maguire (at IUPS)
2002 H Skaer 2014 L Partridge
2004 B Casadei 2015 H Daniel
2006 S Wray 2017 R Touyz (at IUPS)
2008 A L Fowden

Michael de Burgh Daly Prize Lecture
The Michael de Burgh Daly Prize Lecture is given biennially in memory of the distinguished physiologist under the auspices of the Cardiovascular, Respiratory and Autonomic Control Special Interest Group, now the Cardiac & Respiratory Physiology Theme.

Previous lecturers:
2005 James F X Jones 2013 P Carmeliet (at IUPS)
2007 M J Joyner 2016 N Prabhakar
2009 C Nurse
Lectures and Prizes

Otto Hutter Teaching Prize
In 2009 The Society launched the Otto Hutter Teaching Prize to recognise outstanding teachers of undergraduate physiology and to raise the profile of physiology teaching. The prize’s namesake, Professor Otto Hutter, emeritus Regius Professor of Physiology at University of Glasgow, is recognised as a passionate and innovative teacher. He pioneered perhaps the first, fully-integrated electrophysiological lab for junior teaching. He was also a virtuoso of small group teaching, famous for throwing the blackboard chalk to students as an inducement to do some of the board-work. The £1000 prize includes £500 for the winner and £500 for the host institution (the latter to support education and teaching in physiology). In addition, the recipient is invited to present a lecture at the main meeting.

Previous lecturers:
2010 M Cotter
2011 N Morris
2012 E Lloyd
2014 D Lewis
2015 J Harris
2016 P Kumar

The Paton Lecture
This lecture, initiated in 1994 by the Historical Studies & Archives Subcommittee to commemorate Professor Sir William Paton’s support and initiatives for promoting interest in the history of scientific experiments and ideas, is given on a historical aspect of physiology in association with a symposium or designated session closely relevant to the topic concerned. These Lectures will be published in Experimental Physiology, subject to the approval of its Editorial Board.

Previous lecturers:

*V B Mountcastle was unable to deliver his lecture owing to ill-health

The Paton Prize
The Paton Prize was established in 1994 by the Historical Studies & Archives Committee to encourage the study of the history of the major ideas and concepts that have shaped modern physiology. The Prize takes the form of a bursary to support such studies, with funding of up to £1,000 to cover travel and incidental expenses. The Subcommittee wishes to promote interest in the history of physiology among younger Affiliates and Members of The Society, as well as more established scientists. It is intended that these bursaries will be financed by the interest on The Paton Fund, being an endowment fund originated by a donation from Professor Sir William Paton with a matching donation from The Society.
Lectures and Prizes

The Physiological Society Annual Public Lecture
The Physiological Society initiated an annual public lecture in 2005 to be delivered at The Society’s Main Meeting. The Lecture is designed to further the promotion and public understanding of physiology to the general public and schools.

Previous lecturers:
2005 J F R Paton
2006 D Attwell
2007 Not awarded in this year
2008 P Weissberg
2009 S O’Rahilly
2010 N J Rothwell
2011 R Foster
2012 G Leng
2013 R Foster (at IUPS)
2014 R Winston
2015 S Scott
2016 J F Cryan

Sharpey-Schafer Lecture and Prize

In 1980 and 1981 The Physiological Society received bequests from Sir Edward Sharpey-Schafer and from his daughter Miss G M Sharpey-Schafer to institute a triennial lecture to be given alternately by an established physiologist (preferably but not necessarily from abroad) and by an early-career physiologist chosen by The Society. The lecture, to be called ‘The Sharpey-Schafer Lecture, is in memory of Sir Edward Sharpey-Schafer FRS and of his grandson Professor E P Sharpey-Schafer FRCP, who was Professor of Medicine at St Thomas’ Hospital, London. In 1990 the Committee agreed that the lecturer should also receive a Prize from funds accumulating from the bequests.
It is customary, but not mandatory, for the lecture to be published in Experimental Physiology, subject to the approval of the Editorial Board.

Previous lecturers:
1983 T N Wiesel
1986 D Attwell
1989 B Hille
1992 G L Collingridge
1995 J Folkman
1998 J F R Paton (delivered in 1999)
2002 E Neher
2005 N H McClenaghan (to be delivered in 2006)
2008 W F Boron
2011 W Marcotti
2013 W A Catterall (at IUPS)
2016 E Hart
Lectures and Prizes

Wellcome Prize Lecture - discontinued
The Wellcome Trustees agreed in 1985 to provide a sum of money to enable The Physiological Society to institute a Prize Lecture for young physiologists to encourage them and bring their work to general notice. The Prize, to be awarded biennially by a panel comprising members of the Prizes & Prize Lectures Committee and a representative nominated by the Wellcome Trust, is in the form of a lecture, an award and a medal presented at the Annual General Meeting in the year of the award. These lectures are, subject to the agreement of the Editorial Board, published in The Journal of Physiology. This scheme will be reviewed by the Wellcome Trustees in 2008.

The lecturer must be a young physiologist (less than 40 years of age) who is permanently resident in the UK or Republic of Ireland, who is considered to have made an outstanding contribution to physiological science. There is a £1,000 prize, which consists of £500 for the award and £500 as an honorarium.

Previous lecturers:
1986 K A C Martin 1998 L Lagnado
1990 A J King (delivered in 1991) 2002 A B Parekh
1994 W Reik (delivered in 1995) 2006 H Kennedy
1996 S O Sage (delivered in 1997) 2008 A Trafford (final year)

GSK Prize Lecture - discontinued
Instituted in 2010 with generous support from GSK, this prize is for early-career physiologists to encourage them and bring their work to general notice. It was awarded annually and came with a prize of £1,000.

Previous lecturers:
2010 J Kittler 2012 H Shiels
2011 Not awarded 2013 M Shah (at IUPS - final year)
